EDUCATION

Chongqing Technology and Business University(CTBU), China <i>Master's Degree Candidate of Software Engineering</i>	Sept. 2022 - Present
Pass College of Chongqing Technology and Business University, China <i>Bachelor of Internet of Things Engineering</i>	Sept. 2018 - June 2022

PROJECTS & RESEARCH EXPERIENCE

Chongqing Institute of Financial Technology: Vein Identification • Building a 3D view Finger vein dataset. 🐙 Database • Skills for installing vein recognition door locks. • Optimizing algorithms for vein classification systems.	July 2023 – Sept. 2023
Chongqing Intelligence Perception and Block Chain Technology Key Lab • Studying Data Augmentation and Palm Vein, supervised by Prof. Huafeng Qin.	Sept. 2022 – Sept. 2023
CAIRI AI Lab, Westlake University • Studying Mixup and Multi-modal Large Language, supervised by Siyuan Li and Prof. Stan Z. Li.	Mar. 2024 – Present

COMPETITION HONORS

Challenge Cup of “Qin Chuang Yuan”	National 2nd prize
The 14th Challenge Cup	Provincial 2nd prize
China International Student Innovation Competition	Provincial 2nd prize
The 7th Art Exhibition for College Students in Chongqing	Provincial 1st prize
The 7th Innovation and Entrepreneurship Competition	School 2nd prize
The 3rd Annual “Best of Libraries”	School 1st prize

ADDITIONAL ACHIEVEMENTS

Programming language: C/C++, Java, Python, Pytorch, LaTeX

Platform: Windows, Linux

Languages: Mandarin (Native), English (CET-6)

Hobbies: Photography, Hiking
